MEMORANDUM FOR THE DEPUTY DIRECTOR:

Subject: Strategic Intelligence School, War Department
25X1A9a

1. The attached memorandum from [REDACTED] indicates to me that the caliber of the Strategic Intelligence School of the War Department is higher than we had presupposed. It also convinces me that we made an error in not designating a CIG delegate to the school.

2. You may desire to notify the appropriate office or offices at this time that they will be expected to designate such a delegate for the next session of the Strategic Intelligence School, so that the necessary allocation of assignments can be made and the individual earmarked well in advance.
